Frequently Asked Questions

Where is the property located?

Haymoon Resort is very conveniently located between Kalispell and Whitefish. We are 10 minutes from the airport, Downtown Whitefish, Kalispell, and Columbia Falls. We are about 30 minutes from the West Entrance of Glacier National Park. Our location makes us very convenient to get to from just about anywhere, but also a great hub for any exploring you and your guests wish to do while you're here.

Can our reception go past 10PM?

No. We have a hard cut-off time at 10pm as that's when our quiet hours start at the Resort. At that time, you are welcome to go back to cabins, spend time quietly at one of the fire pits, or take a shuttle off property for an afterparty.

Can our dog be in our ceremony?

Yes! Plus, 3 of our cabins are dog friendly. Please just let us know your dog is coming and agree to our pet policy in the contract. If your dog is staying in one of our pet friendly cabins, there is a pet fee and we ask that they do not visit other cabins other than the one they were declared in.

What are the rules around alcohol?

All alcohol must be served by a licensed bartender. If alcohol is sold, the Clients must hire a bar service with an off site liquor license. If alcohol is not being sold, Clients may provide the alcohol prior to the start of the wedding for the bartender to serve. All alcohol must be controlled and served by the bartender during the event, guests may not bring their own alcoholic beverages. If Clients/guests are staying onsite, leftover alcohol from the wedding will be stored in the pavilion after the reception and the Clients can pick it up the following morning. Guests/Clients will not be allowed to take the leftover alcohol back to the cabins with them after the reception.

Where can I have my ceremony?

There are 3 locations by our back pond that are beautiful for a ceremony! The first is on our back patio with the water in the background. The second is on the grass with the water in the background. The third is the perfect spot for weddings with under 25 guests, alongside the water nestled between the trees.

Should you and your guests rent out all or most of the cabins, there are a few more beautiful ceremony sites available over by the cabins and front pond.

Can we set up the day before?

Yes! We offer a 3 hour window the day before for you to come set up and have your ceremony rehearsal.

Is there a kitchen for catering?

No, at this time, we do not have a catering kitchen. We do have electricity and water near the pavilion where caterers typically set up. Most caterers in Montana are used to setting up outside. The caterers we work with most are all very comfortable with this set-up.

Can we have our dinner outside?

Yes! You are welcome to set up your dinner outside on the back patio if you would like, we just ask that anything that could blow away be secured so it does not end up in the pond. Montana weather can change quickly, so most people choose to set up inside. Setting up inside can be done the day before and also allows you to have a climate controlled dinner. If it is a nice day, we have 5 double doors that can be opened to the deck for a more outdoor feel.

How do we reserve lodging?

If your dates are within one year, you can reserve lodging directly on our website. Otherwise, just let us know the cabins you wish to reserve and your dates and I can put together a quote for you. Please note that we typically have a 3 night minimum May - October and a 2 night minimum the November - April. We cannot accommodate one night stays.

Where do we get ready?

We do not have a separate getting ready area at the moment. Most of our guests do rent at least one cabin and can get ready there. We do like to mention, the Flower Moon has a beautiful bridal suite upstairs where the girls typically like to get ready. It is common for the boys to get ready in one of the log cabins.

Does the property have a mountain view?

We do not have a mountain view directly from the property. Our property is more wooded with lots of well manicured lawn. We have two beautiful ponds on the property as well. It is a gorgeous setting in the Summer! Plus, if we do get a smokey day, as we can in summer, it's a lot harder to tell because we sit lower and you aren't missing the mountains.

We want to visit or take photos in Glacier National Park. How close is the property to the park?

We are a 30 minute drive from the West Entrance to Glacier National Park. That being said, unless you plan to elope in the park, we do not recommend driving up to the park for pictures on your wedding day. Instead, we suggest you book an adventure shoot with your photographer on a different day. If you want photos in your dress, put it back on the next day and go get those pictures! You will then have the time to go up into the park and get those striking shots you have been dreaming of.

Do you offer set up and clean up?

See our addons below!

Do you offer an airport shuttle or other shuttle services?

We do not provide an airport shuttle or other shuttle services, but are happy to help you arrange one. There are a number of shuttle services in the area that offer a variety of services from luxury cars to busses. Let us know what you are thinking of and we can point you in the right direction.

What airport do we fly into?

We recommend flying into Glacier Park International Airport in Kalispell, MT. The airport code is FCA. This airport is less than a 10 minute drive from the Resort. We do recommend booking flights and rental cars early as prices for summer can go up as it gets closer to summer months.

Do you require a planner?

We do not require you to have a planner, but we do highly recommend having one. A good planner can help you with things you didn't even know you needed or wanted. They are also here to take care of everything the day of your wedding so you can just relax, enjoy the day, and take it all in.

We are happy to recommend a planner that we love to work with!

Do we need to purchase event insurance?

Yes! You will need to purchase event insurance for the day of your wedding. These policies typically run between \$65 and \$150. There are instructions in our contract on what we require.

Is the pavilion Handicap Accessible?

Yes! There is a ramp leading up to the front entrance of the pavilion and there is one handicap accessible bathroom inside.

Do you require a deposit?

Yes, we require a 50% deposit to hold your dates. 80% of this is refundable until 9 months from your wedding date if for some reason you need to cancel. Within 9 months of your wedding date, the deposit is nonrefundable. Your balance will be due 90 days prior to your wedding.

We would like to book our date, what do we do now?

If you have decided that we are the venue for you, just let us know and we will send you over a link with some information to fill out. We will then use that info to create your proposal and send that over to you. Once you accept the proposal, read and sign the contract, and pay the deposit, you will be confirmed for your date! Your balance is due 90 days prior to your wedding.

If you have other questions or special requests, just let us know! We are happy to answer any questions and we do our best to accommodate our couples needs!
